This sightseeing tour in the beautiful city of Istanbul will start with a visit to the Hippodrome Square built by the Roman emperor Septimus and Sultan Ahmed Camii also called the Blue Mosque. The Blue Mosque is the most famous monument in both the Turkish and Islam world, and the only mosque built with six minarets. Only a short walk away stands the magnificent Hagia Sophia, built by Constantine the Great and considered a masterpiece of Byzantine Art. Its' first construction dates back to the second half of the 4th century. Hagia Sophia served 916 years as a church and 477 years as a mosque until Ataturk's orders converted it into a museum. Last stop will be the Underground Cistern. In this historical place one discovers the grandiose nature of the past when touring through Istanbul's largest and most magnificent underground Cistern. Built by Emperor Justinian in the 6th century to supply water to the near-by palace complex, the cistern has a total of 336 decorated columns.
